## A favorite model for municipal, institutional and government customers is the D-Series. This is in part because of the powerful, long-lifed Kubota, three-cylinder, liquid-cooled diesel engine.

- 20.9-HP, Kubota three-cylinder diesel engine, liquid-cooled
- Electric radiator fan with reversible self-cleaning action
- Shock-mounted instrument panel with warning lights, horn, ignition switch, water temperature gauge, voltmeter, hourmeter, and optional light switch
- Tilt-open style body and chassis completely exposes drive train
- 10.0 bushel catcher and 10.5" Grass Handling System (GHS) blower
- Donaldson engine air filter with remote Enginaire precleaner for increased engine life
- Dual tail wheels for enhanced maneuverability
- Contoured seat with armrests and full adjustable suspension
- Splined PTO drive shaft with quick-disconnect coupler
- 7 mph ground speed
- 4.7 gallon fuel tank
- High capacity electrical system (40 amp charge)
- Deck Sizes: Collection 36" to 52" (5 decks); Mulching 36" to 52" (5 decks); Discharge 36" to 74" (8 decks)

## **Key Engine Specifications**

Rey Engine Specifications		Popular Options	
Manufacturer/Model	Kubota, D722, 3 cyl	Headlights	Wide Drive Tire
Displacement	719 cc (43.9 cu in)	Hi-Dump®	Low Profile Drive Tire
Max Power	20.9 hp @ 3600 rpm	Power Dump	All Terrain Drive Tire
Max Torque	34 ft lbs	No-Catch Deflector	Tire Chains
Fuel	Diesel (2-D)	Mechanical Deck Lift	Spread Axle Tail Wheels
Fuel Capacity	4.7 gal (17.8 liter)	Manual Deck Height Adjuster	Tail Wheel Lock
Fuel Consumption	0.76 gal (2.88 liter)/hour	Curb Jumper	Tail Weight
Cooling System	Liquid, Radiator		
Lubrication System	Full Pressure w/ Filter
